8-Ball Rumble Titles Declared!

The 12th Annual 8-Ball Rumble was held at Partners Billiards & Bowling in North Bay, Ontario, Canada on November 14-17, 2013. Players and teams represented North Bay’s Partners Pool Leagues, New Crown Music Leagues from Sudbury, Northshore Vending of Sault Ste. Marie, Regent Vending from Ottawa, Ontario Skill Games from Toronto, Les Agences Simplex from Rouyn-Noranda, Billiard Temis from Ville Marie and Joyland Amusements from Stratford.

A total of 69 Teams and 138 Singles took part in this four-day event that has become one of Ontario’s most popular events of the year. What started out as a small tournament a number of years ago has now grown into a major event that fills to capacity. The majority of players and teams return every year to socialize with the great friends they have met over the years from other Charter Holder cities.

Once again, this year’s event used Compusport’s amazing computerized tournament program. The program allowed the players and teams to scan their own scoresheets which advanced the matches in their brackets in record time. This meant the tournament ran on time and in most cases, had the next round of matches starting early. Players were able to view stats as well as all scheduled matches and photos on large screen TV’s, personal computers/laptops or smart phones in real time. This gave them the ability to see who they were playing next and what the opponent(s) results were in the tournament.

I would also like to extend my sincere thank you to everyone involved in this tournament. From Shirley Renaud who looked after the computer software to our Referee-In-Chief, Serge Ruel and his referees. All are to be commended for an excellent job. The popularity of this event is a direct reflection of the wonderful people involved with this tournament, including staff, volunteers, referees and players. We couldn’t do it without everyone’s help including the efforts of all the Charter Holders.

**SINGLES RESULTS**

**Women’s Bronze Division Singles:** Andrea Lauzon from Oshawa began the tournament winning her first match against Chantal Weloski from Sudbury 2 games to 0 and never looked back. She went on to defeat Jackie Shawanda in her next outing and then beat Kim Donaldson also from Sudbury to advance to the final. From the losers side of the bracket, Donaldson bounced back to win her next game defeating fellow Sudbury player, Nat Wilson. The win gave Donaldson another shot at Lauzon in the final.

Donaldson won the first set of the final, forcing a sudden death match. In the end, it was Andrea Lauzon who emerged the champion of the Women’s Bronze Division. Finishing in third place was Nat Wilson.

**Copper Division Singles:** Guy Campbell from North Bay was the victor, going through the tournament undefeated. Campbell opened the day with a win over Lou Schools from Sault Ste. Marie. Campbell then defeated the Sault’s Chad Larue and Michelle Wilding to advance to the quarter finals. He then beat another Sault. Ste. Marie player, Alfie Behrans, by a close score of 3 games to 2 and next defeated Dolly Tucker from Ottawa, sending her to the losers bracket.

On the ‘B’ side of the draw, Frank Genetti from Sault Ste. Marie had a long day coming through the back door. Genetti lost his opening match to Ryan Baxter from North Bay by a score of 2-1. Genetti never looked back after that and went on to win his next eight matches to advance to the semi finals. There he defeated third place finisher, Dolly Tucker by a score of 3 games to 1.

In the final, Campbell only needed the first set to be declared the champion after defeating a very tired Genetti by a score of 3-0.

**Bronze Division Singles:** Rouyn-Noranda’s Stephane Lacombe had a long two days but still emerged as the champion in the Bronze Division. Lacombe won his first four matches before being sent to the ‘B’ side of the bracket by North Bay’s Rob Barr. Once on the loser side, Lacombe bounced back to defeat fellow Rouyn-Noranda player, Yvan Gingras and then Chris Farrell from Sudbury. In the semi finals Lacombe faced off against third place finisher, Rob Barr and handed him a loss with a 3-1 score.

In the finals, Lacombe faced Andre Trahan from Sault Ste. Marie. Trahan won his first match of the tournament over Shawn Delnin of Sudbury and then coasted to the finals winning his next five outings.

Lacombe and Trahan battled it out in the final with Lacombe winning the first set 3-1 to force a sudden death match. It was Lacombe easily winning the next set 3-0 to emerge the victor.

**Silver Division Singles:** In the strongest division, it was Stephane Desilets from Rouyn-Noranda who claimed the top shooter award in the Silver Division. Desilets opened the tournament with a win over Rob Vachon from Sault Ste. Marie then won his next four matches to earn a spot in the final.

Brad Guthrie from Toronto battled Desilets in the final but had to work hard to get there. Guthrie won four straight matches then lost his next outing to Desilets who sent him to the loser’s bracket. Once there, Guthrie rebounded and defeated his teammate and third place finisher Colin Kerr in the semi final.

In the final, Desilets only needed the first set to claim the championship by winning the match 4 games to 1.

**TEAM RESULTS**

**Copper Division:** In this 26 Team Division, Ya’s Our Itch from Ottawa won five consecutive matches to advance to the finals against 3 Hot Dogs and a Bun from Toronto. The final match was decided in the first set with Ottawa winning by a score of 119 to 98. On the road to the final, Toronto had four wins before being knocked to the loser’s bracket by Ottawa. To earn a spot in the finals, Toronto defeated third place finisher Somebody Better from Stratford by a score of 124-110.

Ya’s Our Itch only needed the first match to claim the title over 3 Hot Dogs and a Bun by winning the set 119-98.

Bronze Division: There were 29 teams participating in the bronze division. It was an all Toronto final with Proper Team Management capturing the title defeating Intimidators in the championship final. Proper Team Management took the long way around to the final after losing their second match of the tournament to FuuFuu, also from Toronto. On the ‘B’ side of the bracket they won five straight matches to advance to the semi final. They then defeated Never Too Late from Ottawa 151-132 to advance to the championship game.

Proper Team Management was unstoppable as they won the first set 146-111 and in the sudden death match, won by a score of 136 to 106 to be crowned the champions. Third place went to Never Too Late from Ottawa.

Silver Division: The Silver Division is for the top caliber pool players with this division being made up of some of the finest pool players in Ontario & Quebec. Toronto’s 8-Ball Hunters had few misses and emerged from the winner’s side of the double knockout tournament with no losses. The 8-Ball Hunters road to the final started with a win over last year’s champion, Captain Black from Rouyn-Noranda. From there they went on to win their next three outings to make it to the finals against Team Temis from Bearn, Quebec.

Team Temis had a much longer road to the final. After winning their first match, they lost to M.I.A. from Ottawa and were sent to the ‘B’ side of the bracket. From there they got back on track and won their next three matches and in the semi final, defeated third place finishers, Zombie Killers from Sudbury.

The final was a quick one, with The 8-Ball Hunters needing only to win the first set by a score of 136-104 to take the championship title.

Copper Hard Luck Division: North Bay’s Racknophobia captured first place with That EFN Team from Sault Ste. Marie placing second

Bronze Hard Luck Division: NCM Wolves from Sudbury placed first and Winning Stroke from North Bay placed second.

Silver Hard Luck Division: Show Time from Toronto captured first place with Captain Black from Rouyn-Noranda placing second.

## NEW!

### ALL-STAR EVENT
This new and exciting TEAM event will consist of all 1st and 2nd Place Finishers in the Singles Tournament. All Divisions Finalists, both Boys and Girls, will compete in the 9-Game, Single-Elimination, Team format to see who is the “BEST OF THE BEST”!
Team Format

Teams will consist of three playing members who have competed in at least 6 junior league matches with the same Charter Holder. The 9 game round robin format will be used in the 8-ball team events. Each player will play each player from the opposing team once. The team with the most points at the end of the match will be declared the winner. If there is a tie in total points, the teams will play the last round over as it stands on the scoresheet until a winner is decided. Flip for the first break and alternate thereafter.

All divisions will be of the double elimination format with the finals bracket participants starting with zero losses.

Singles Format

Race - 4 games/winners and losers

All players must have competed in a minimum of 6 junior league matches. The double elimination format will be used.

Substitution Rule

A team may substitute players during a match if the following criteria are met:
- The opposing team captain must be notified before the start of the round in which the substitution is being made.
- A substitute player will not be allowed to play any opposing player more than once.
- Once a player has played, he/she must keep that same position unless removed for a round and reinstated in a later round.

Determining the Break

Team: Team captains will flip a coin prior to making the line-up. The winner of the coin toss has a chance of being home or visiting team. The home team will complete their line-up first each round. The teams will then break in accordance with the scoresheet.

Singles: Flip a coin to determine the first break and alternate thereafter.

Official Scoresheet

The Home Scoresheet is the official scoresheet and will be used to settle any disputes. Both captains are responsible for the accuracy of the Home scoresheet after each game.

8-On-The-Break

If an 8-ball is pocketed on the break, the breaker may ask for a rerack or have the 8-ball spotted and continue shooting. If the breaker scratches while pocketing the 8-ball on the break, the opposing player has the option of a rerack or having the 8-ball spotted before beginning to shoot.

Rack Your Own Breaks

- Various Rack Systems will NOT be allowed.

Devices Are Not Allowed For Jump Shots

Call Pocket

In Call Pocket, obvious balls and pockets do not have to be indicated. It is the opponent’s right to ask which ball and pocket if he/she is unsure of the shot. Banks and combinations are not considered obvious and both the object ball and the pocket must be called. When calling the shot, it is NEVER necessary to indicate details such as the number of cushions, banks, kisses, caroms, etc. Any balls pocketed on a foul remain pocketed, regardless of whether they belong to the shooter or the opponent. If a shooter continually refuses to inform his opponent, even when asked, the captains or tournament officials should be informed. Continuous failure to verbally call the pocket can be ruled unsportsmanlike conduct.

Calling the 8-Ball

Calling of the 8-ball must be by the disc method in the following manner:

Disc Placement...

The disc must be completely within the first two diamonds on either side of the intended pocket. (A Referee will make a ruling if the position is protested.)

It is not necessary to move or touch the disc if it is already at the intended pocket. If a player shoots at the 8-ball and commits a legal shot and the 8-ball is not pocketed, the game continues.

Team Roster

The “Official Team Roster” are the players listed on the Scoresheet/Computer.

Safeties

A Safety can be played within the definition of a legal shot.

Start of Match

All matches will start at their posted time if the assigned table is available. If a player/players is absent, the match must still begin and the absent player/players will have until the end of that round to show up. If they are not there by the end of the round, the absent person/persons will lose that game 10-0. This rule is the same for all the rounds.

Played Wrong Player

In the event that wrong people have played or are playing each other, the following procedure will be followed:
- If the game is completed, that score will be forwarded to the proper place that they are scheduled to play. That score will not count until it falls into the proper place.
- If the game is not completed, the captains will get the proper people to the table and restart the game.
- If a game is played between the same opponents for a second time during the match, the score of the second time does not count as long as the scoresheet is filled out properly prior to the round beginning.

It is both team captain’s responsibility to ensure that the proper players are playing each game before the round starts. Therefore, if one captain listed a player to play the same player a second time, the captain’s team who listed the wrong player will lose 10-0.
- Scoresheets may be filled out round by round.

End of Match

A match is considered over when a team can no longer mathematically win.

NEW BEGINNINGS IN NEW YEAR!

New Year Resolutions! New Year Personal Promises! New Year Changes! New Year Dreams And Visions! The list can be very long at times and often “ends” with an unfulfilled challenge of many items going dormant within a short period of time. Even with best intentions, we seem to develop a “paralysis of analysis” type of approach to each item instead of “enjoying the roll” for those items where our main passion / calling is anchored securely and where personal “focus” is guaranteed to see the goal(s) before us become a fruitful reality.

Normally a “new beginning” for any project / concept includes a farewell or “completion stage” for a former mission goal, often creating an uneasy feeling as we begin to step out of a conditioned comfort zone. Programmed successes from past endeavors remain in our physical movements / memory banks and seem to taunt us to “go back” to the “old” and forget the “new”. The mystery of something “new” eventually becoming comfortable for us becomes our greatest challenge.

In my early 50’s I discovered a true passion for the “sport and show” of Artistic Pool after over 40 years of playing all the regular and often expected games for a pool player. This “new beginning” became a dynamic focal point of my competitive career, as I remained loyal to its ultimate challenge and calling.

Removing a “split focus” between several “games” at the professional level allowed me to experience amazing “mountaintop” moments event after event. This continued from 2000 until each mountain had been climbed and each blessing was realized in a short span of 11 years. Once again the time had come to focus on a “new beginning” for using the gifts and talents I had been given.

When I left the competitive Artistic Pool arena in 2011, I knew I had to focus on the “purpose” of a “new beginning”. Without doing so, I could have easily gone back to competing again in an attempt to garner another title / championship award. A personal soul-searching helped me realize that I had been equipped via my prior journey experiences for a far higher “purpose” in an exciting faith-driven “game and life” adventure. More on this in future articles!

Bottom-line, I believe a person should find some quiet time to “have a little talk with himself or herself” in regard to “game and life” experiences in the New Year and beyond. Many years ago I found a wonderful life application motto that I carry with me to this day – “Success is finding your calling and passion in life and pursuing it regardless of financial gain”. Any windfall from such effort becomes a by-product of a true “calling and passion” in one’s game and life. As you move forward in the New Year, I encourage you to consider any “new beginning” with dedicated focus, and I hope you discover a “true calling and passion” in all you do until next time when...

Thousands of pool players have displayed their talents in VNEA Leagues throughout the U.S. and abroad since the inception of the VNEA in 1980. Our players are all very important. However, not all of these players will ever join the ranks of Willie Mosconi, Shane Van Boening or Allison Fisher. But, a handful of them possess an incomparable desire to accomplish goals that far exceed an average pool players expectations. For these extraordinary players, and also players with other special skills, the VNEA Hall of Fame was created in 1993. With 101 fine members already in place, the Hall promises to be a fraternity of honor and excellence.

If you believe that a player in your league system is deserving of being titled a Hall of Famer, we encourage you to complete this Official Ballot and return it to VNEA Headquarters by January 25th, 2014. Taking into consideration the comments on your ballots, the Awards Committee will choose the most deserving players for the Hall. Those who are chosen will be highlighted in a future issue of “8-Ball News & Views”. Be sure to return “your nomination” TODAY!

Take This Opportunity To Nominate!

With nearly 100,000 league players in the VNEA, only 5 new members will forever be etched in our prestigious history books.

Please attach a Separate Sheet to list Nominee’s qualifications!

The Secrets Of Running Out

By Jerry Briesath

I'm sure you have noticed how easy the good players make it look when they run the table. They always seem to have a good angle on their object ball to make it easy to get position on the next ball, then they shoot that shot and the cue ball miraculously comes to a stop leaving a perfect angle on the next ball to get to the next ball.

As you can see as a pool players knowledge and skills increase there is a big step from just getting position to getting the proper position or the proper angle on the next ball to continue the run. Sometimes you want the next shot to be straight in and sometimes you want an angle to the right or an angle to the left to make it easier to get position on the next ball and continue running out.

How many times have you had two stripes on the table and shot the first one and the cue ball rolled so you are almost straight in on the last stripe on the bottom rail and the eight ball is on the other end of the table and now it is almost impossible to get the cue ball to the other end of the table.

As you can see there is a big difference between position and proper position. As your skill level increases start thinking more and more about getting the proper position on the next ball so you can run the table more often and win more games.

The magic number to run racks is three. What this means is, I must make my next object ball and leave the proper position on the second object ball so I can get to the third one. Then I must make the second object ball and leave a good angle on a third object ball so I can get to the fourth one and so on until the game is over.

So always try to think two balls ahead of your present object ball.

Good Luck - Jerry

**We are conducting the “3rd Annual VNEA World Team Championship” this year during our VNEA International Pool Championships.**

This exciting event will match “top players” from every country represented at our tournament. Teams will compete against each other in a 1-Day “Battle Royale”! The winning country will claim the coveted Trophy and be proclaimed VNEA WORLD CHAMPS for the entire year!

Each team will consist of (5) players from their home country and it will be a single-elimination format.

Make your plans to be in the Finals Arena (Monday, May 26th) to support your country in this “fan-friendly” and “fun-filled” event.

**Cue Specifications:**

**Width of Tip:** Not to exceed 15mm.

**Length of Cue:** 40 inches min.

**Certified Instructor Recertification Class:** This class is for those individuals who passed the Certified Instructor Seminar and would like to remain an active Certified Instructor and update their knowledge and skills.

**Certified Instructor Seminar:** This seminar was created to educate players on developing their own skills in order to use these teaching techniques to further promote the game of pool in their local area by instructing beginners and lesser skilled players as well as upper level shooters.

**Certified Referee School:** This school teaches players the proper way to conduct themselves as a referee at the local, regional and state levels. Many tested and true officiating techniques are shared with the members of this class.
34th Annual Vegas Event Specifics

**Notes:** The Tournament Committee retains final discretion in placing players or teams in the proper Division. Green Fees have been adjusted slightly for the change in Sports Singles to Double Elimination, the IM and Master Triple Elimination formats and the addition of the Redemption Division.

5 Skill Levels For A Fair Playing Surface For ALL

1) Sports Division... Established to prove our commitment in creating competition and prize money for those not able to effectively compete in the Regular Division.

2) Redemption Division... Created to fill the void where players drop off the loser’s side of the bracket after it is too late to enter the Sports Division and before they make any money in the Regular Division.

3) Regular Division... Targeted for the everyday, fun-loving league player who dreams of the opportunity to attend an International Championship to experience this pool frenzy with fellow pool players around the World and find a very fair and competitive playing surface. (Intermediate & Master players will not be allowed to participate in the Regular Division)
(Except: One (1) Intermediate FEMALE will be allowed to play on an Open Regular Team)

4) Intermediate Division... Targeted for the average to above average league player who may have some Tournament level experience. Players looking for an awesome week of pool camaraderie with avid players around the World and an excellent opportunity, second to none, to compete against similar talented teams in an effort to earn great prize money, titles and incredible memories.

This awesome field and super payouts filled with spectacular matches right out of the gate eliminates those Regular Division early round scares and losses to less talented teams. (With only one Master player allowed on a team, all teams will be equally favored.)

5) Masters Division... Targeted at the accomplished pool players who want to test their skills against the best in the World and to gain valuable experience that is nearly impossible to obtain elsewhere.

The governing rules of play are detailed in the 2013-2014 VNEA Rules Booklet and will be strictly adhered to along with the following:

### Team Format
The 25 game round robin format will be used in the Open 8-Ball team events. The 16 game round robin format will be used in the Women’s 8-Ball team events. Each player will play each player from the opposing team once. The team with the most points at the end of the match will be declared the winner.

- All team events will be played using a Double Elimination format in the qualifying brackets. Finals brackets will be redrawn with participants starting with no losses and will also be Double Elimination.

- The Redemption Division will be Single Elimination.
- Master and Intermediate team events will be using the Triple Elimination format.

### Tie Breaker
If there is a tie in the total points, the teams will play the last round over as it stands on the scoresheet until a winner is decided. Flip for the first break and alternate thereafter.

### Singles Format (exception: Redemption Division)
All Singles events will be played using a Double Elimination format in the qualifying brackets. Finals brackets will be redrawn with participants starting with no losses and will also be Double Elimination.

### Substitution Rule
A team may substitute players during a match if the following criteria are met:
- The opposing team captain must be notified before the start of the round in which the substitution is being made.
- A substitute player will not be allowed to play any opposing player more than once.
- Once a player has played, he/she must keep that same position unless removed for a round and reinstated in a later round.

### Determining the Break
**Teams...**
The winner of the coin toss has a choice of being home or visiting team. The home team will complete their line-up first each round. The teams will then break in accordance with the scoresheet.

**Singles...**
Flip a coin to determine the first break and alternate thereafter.

### Table Use
Teams will play on two tables at all times, until the 25th game (25 game format) or 16th game (16 game format). It will be the Tournament Director’s discretion to play matches on more than 2 tables if time is a factor.

### Official Scoresheet
The Home Scoresheet is the official scoresheet and will be used to settle any disputes. Both captains are responsible for the accuracy of the Home scoresheet after each game.

### Devices Are Not Allowed For Jump Shots

### 8-On the Break
If the 8-Ball is pocketed on the break, the breaker may ask for a re-rack or have the 8-Ball spotted and continue shooting. If the breaker scratches while pocketing the 8-Ball on the break, the opposing player has the option of a re-rack or having the 8-Ball spotted before beginning to shoot.

### Rack Your Own Breaks (Various Rack Systems will NOT be allowed)

### Call Pocket
In Call Pocket, obvious balls and pockets do not have to be indicated. It is the opponent’s right to ask which ball and pocket if he is unsure of the shot. Banks and combinations are not considered obvious and both the object ball and pocket must be called. When calling the shot, it is NEVER necessary to indicate details such as the number of cushions, banks, kisses, caroms, etc. Any balls pocketed on a foul remain pocketed, regardless of whether they belong to the shooter or the opponent. If a shooter continually refuses to inform his opponent, even when asked, the captains or tournament officials should be informed. Continuous failure to verbally call the pocket can be ruled unsportsmanlike conduct.

### Calling the 8-Ball
Calling of the 8-Ball must be by the disc method in the following manner:

**Disc Placement**
The disc must be completely within the first two diamonds on either side of the intended pocket. (A Referee will make a ruling if the disc position is protested)

- It is not necessary to move or touch the disc if it is already at the intended pocket. If a player shoots at the 8-Ball and commits a legal shot and the 8-Ball is not pocketed, the game continues.

### Team Roster
The “Official Team Roster” are the players listed on the scoresheet/computer.

### Safeties
A Safety can be played within the definition of a legal shot.

### Start of Match
All matches will start at their posted start time. If the assigned table is available. If a player/players is absent, the match must still begin and the absent player/players will have until the end of that round to show up. If they are not there by the end of the round, the absent person/persons will lose that game 10-0. This rule is the same for all the rounds.

### Played Wrong Player
In the event that wrong people have played or are playing each other, the following procedure will be followed:

- If the game is completed, that score will be forwarded to the proper place that they are scheduled to play. That score will not count until it falls into the proper place.
- If the game is not completed, the captains will get the proper people to the table and restart the game.
- If a game is played between the same opponents for a second time during the match, the score of the second time does not count as long as the scoresheet is filled out properly prior to the round beginning.

It is both team captain’s responsibility to ensure that the proper players are playing each game before the round starts. Therefore, if one captain listed a player to play the same player a second time, the captains team who listed the wrong player will lose 10-0.

- Scoresheets may be filled out round by round.

### End of Match
A match is considered over when a team can no longer mathematically win.

### Forfeits
**Team:** If no team members are available within 15 minutes after their posted match time, the team will be forfeited. Tournament Committee will decide forfeits.

However, in the event that enough team members, but less than the full team, are available when the match is called, then those present must begin shooting.

**Singles:** All players must be at their assigned table at their assigned match time. If a player is not at their assigned table 5 minutes after their posted start time, the opponent will call a referee to the table and the missing player will be given 10 minutes to show up at the table. At the end of 10 minutes, the player who is present will recall the referee and the match will be forfeited if the missing player is not present. If the table is not available, you must report to the control desk.

### Protest Procedure
In the event a person or team wishes to protest a player’s or a team’s eligibility, the protesting team or person will be required to deposit $100 with tournament officials. If protesters are correct in their protest, they will be refunded their deposit and the tournament officials will take proper measures in dealing with the situation. If protesters are incorrect in their protest, they will forfeit their deposit. Deposits will go into the general funds of the VNEA.

### Classics & Seniors
Entrants in the 8-Ball Classics or Seniors Singles cannot play in any other 8-Ball Singles and entrants in the 9-Ball Classics or Seniors Singles cannot play in any other 9-Ball Singles.

Seniors can play in either Classics or Seniors - not both.

Listed Master & Intermediate Classic or Senior players are ineligible for Regular, Classic or Senior events. However, a Classic Division is available for them in addition to their Singles events.

**Classics:** (age as of event day)
- **Age:** Men - 50 yrs. old minimum
- **Women** - 45 yrs. old minimum

**Seniors:** (age as of event day)
- **Age:** Men & Women - 60 yrs. old minimum

### Scoring
If a game ends without a group of balls being legally determined, the winner receives ten points and the opponent receives zero points.
